# Aladdin Connect

How parents use permissions on Aladdin Connect

1. Permissions On Home Screen

To first access the permissions feature of Connect simply tap the permissions icon located on the app home screen.
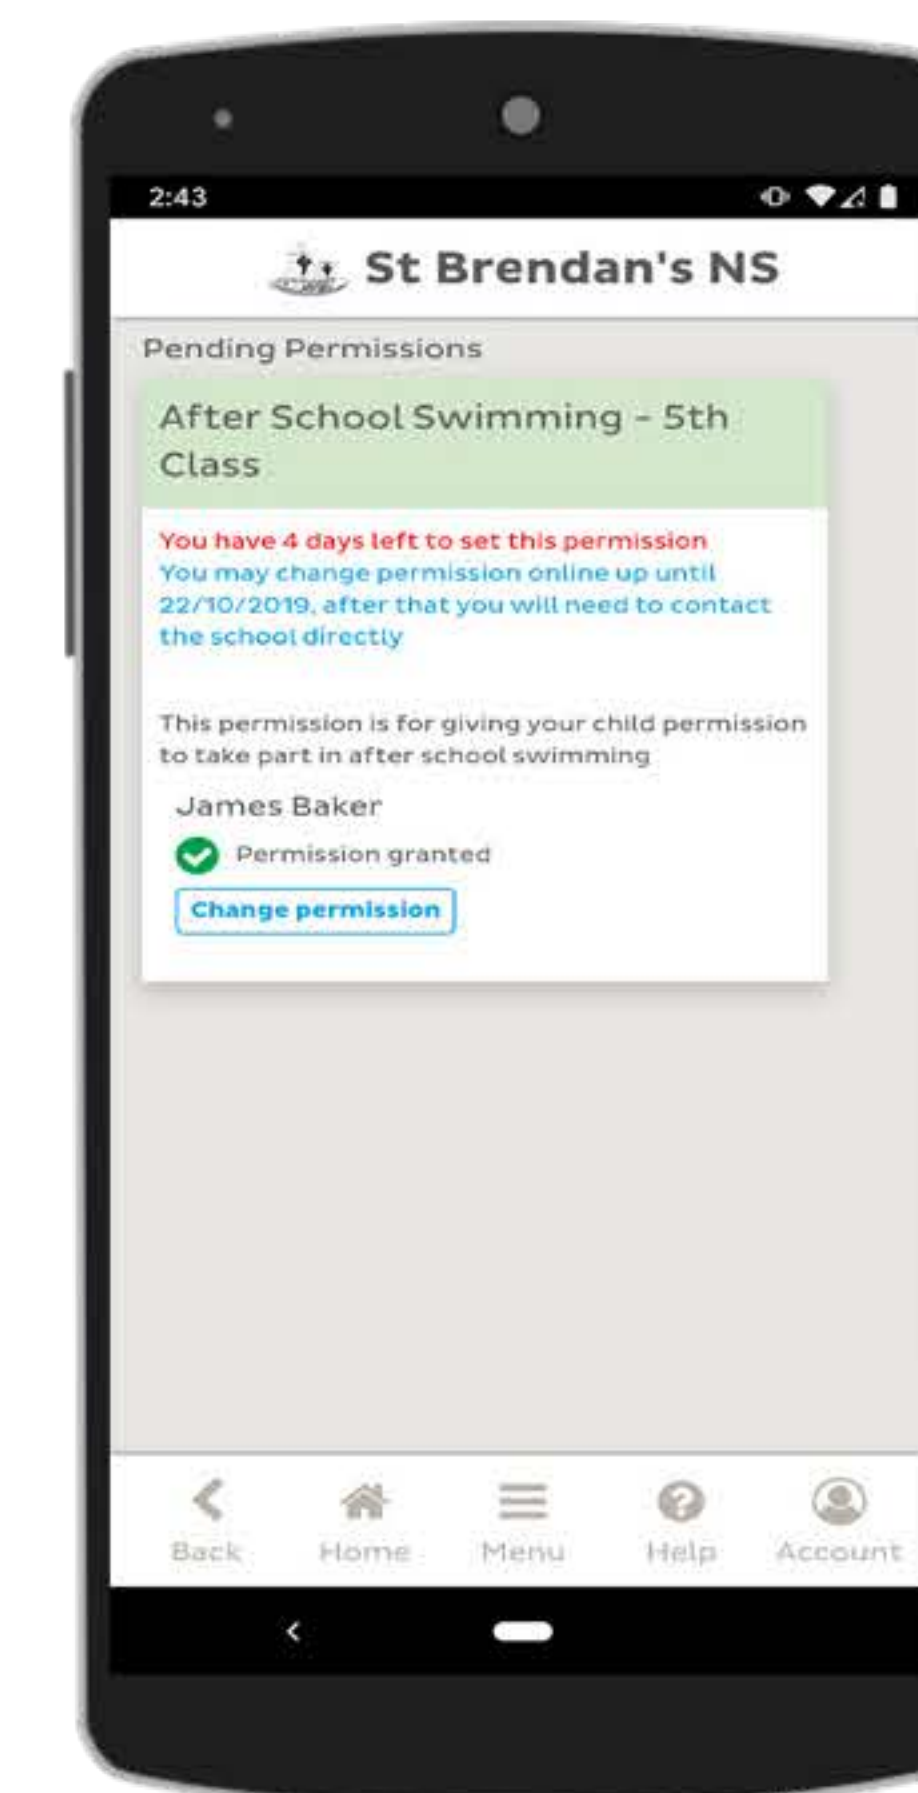

2. Current Pending Permissions

Here you can see any outstanding permissions available.
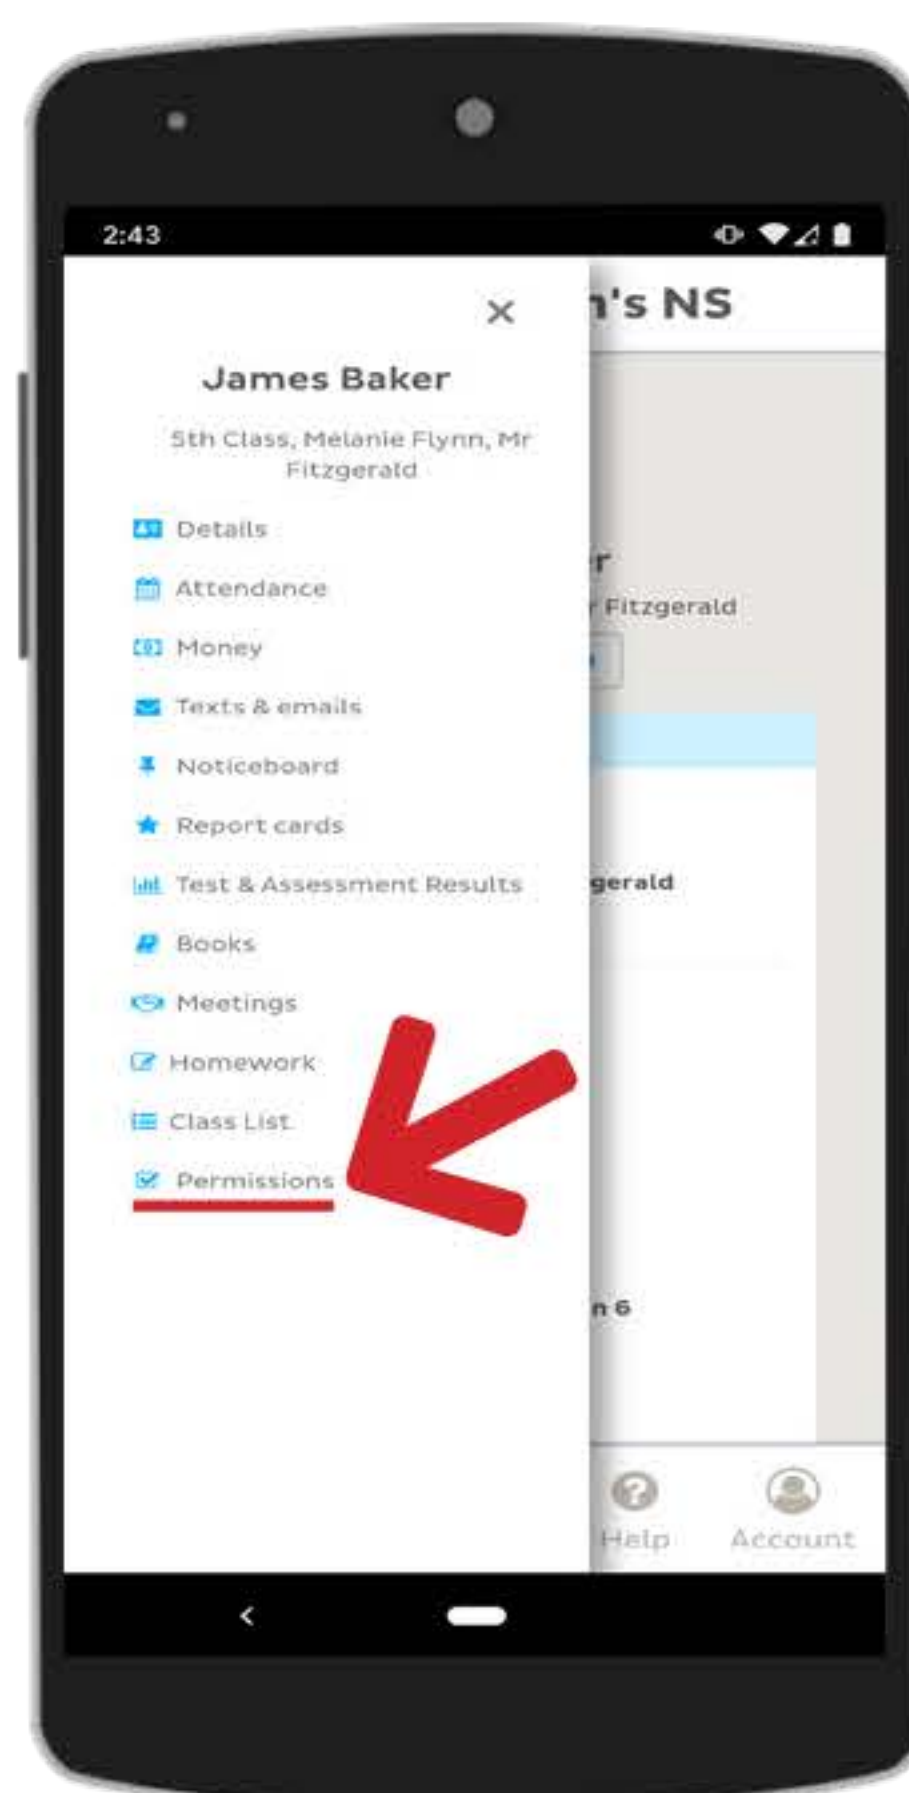

You can simply tap on your desired choice:

Green – Give Permission

Red – Refuse Permission

3. Permission Status Displayed

Once selected the permission will display your selected choice.
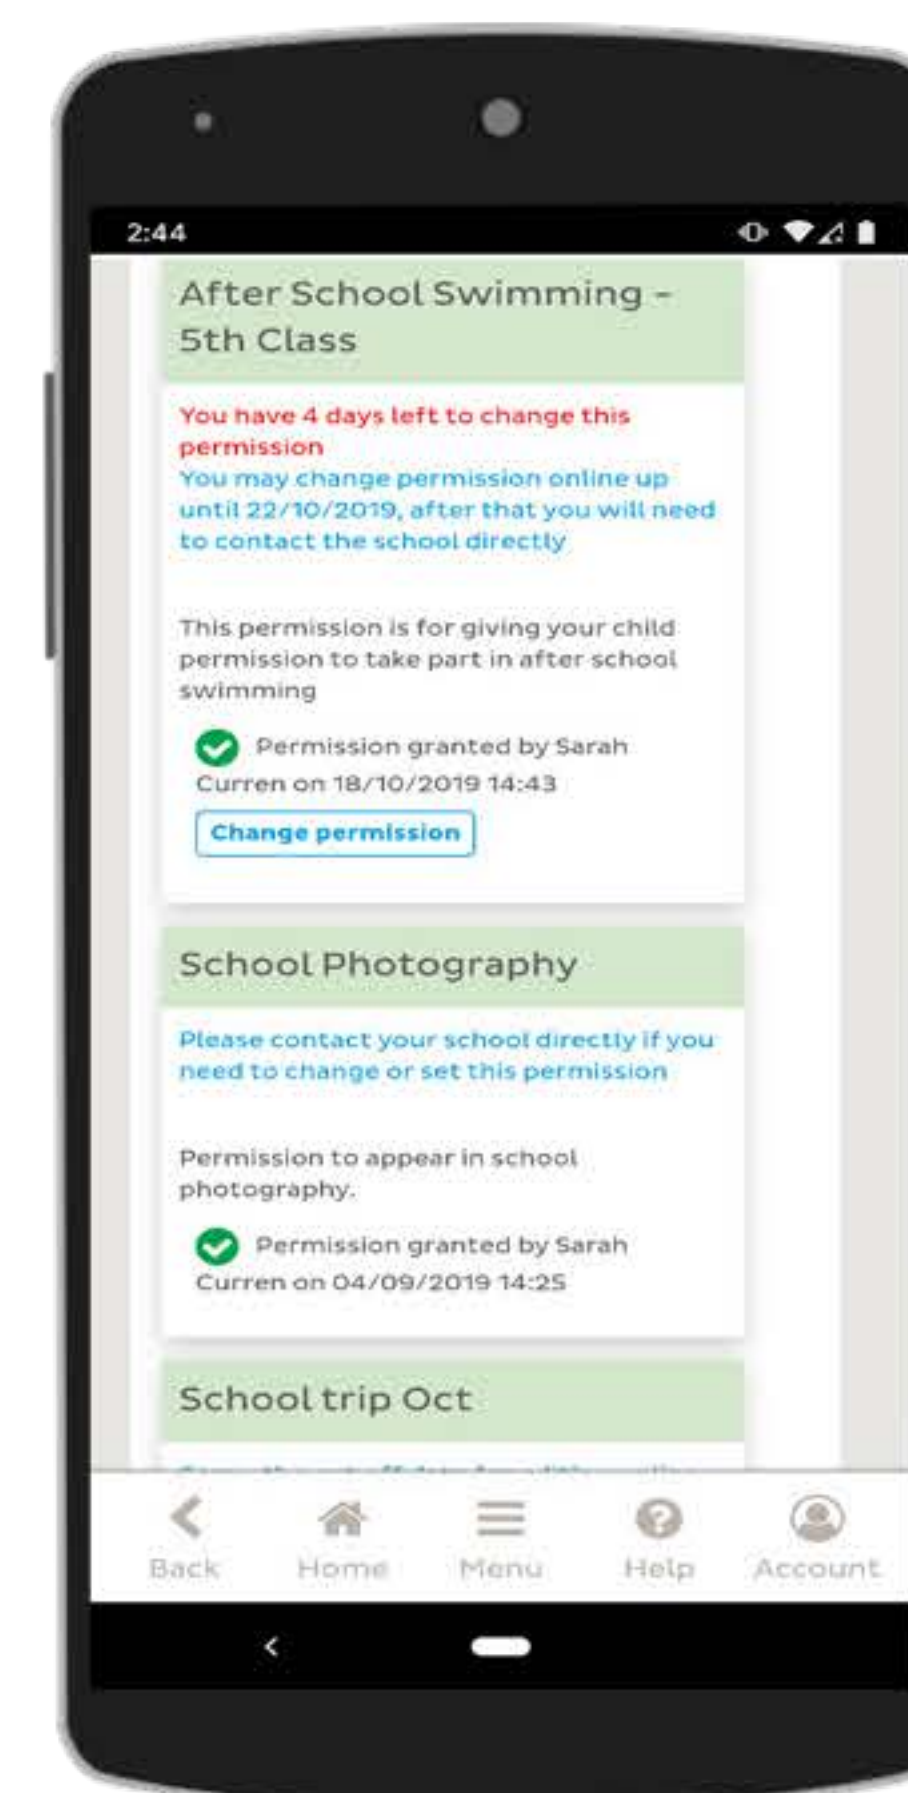

In some cases, if available, the option to change your selection will be available.

4. Student Profile

Permissions can be viewed at a later date by visiting the student menu.

Simply select your child, press student menu and then select permissions from the list.

5. Viewing Permissions

This screen will list all permissions associated with your child.

In some instances there may be the option to change your selection.
